

Features

High Directivity
High Dynamic Range
High Feed-back Rejection

Applications

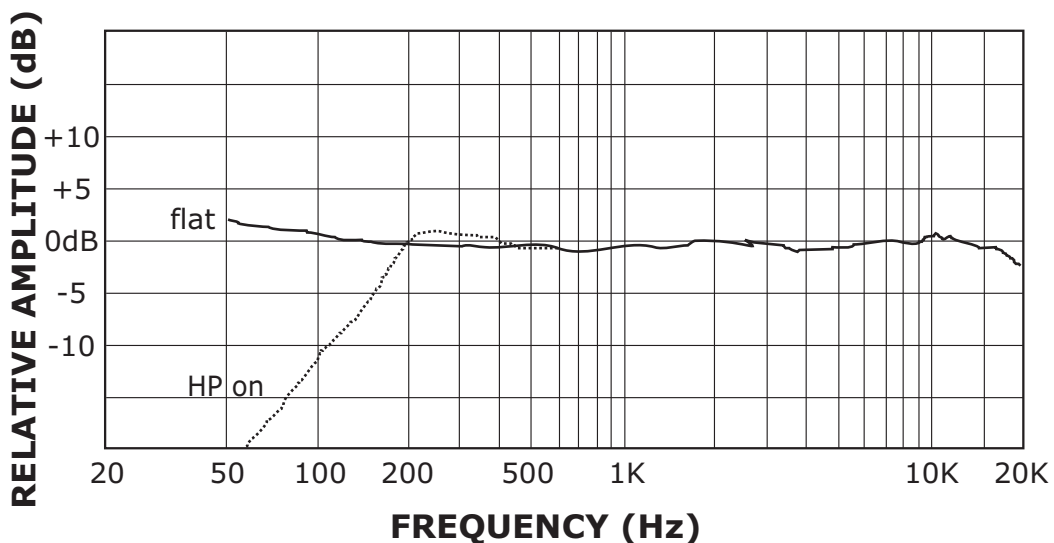

Broadcast and Television
Theater and Choir

Type:	Condenser Shotgun Microphone
Polar Pattern:	Line Gradient
Sensitivity:	-43 dBV/Pa
Frequency Range:	35 - 18.000 Hz
Impedance:	less than 250 ohm
Power Requirement:	Phantom Power from 9 to 52V
Connector:	3-Pin Male XLR
Size:	21 mm Dia x 326 mm
Net Weight:	280 g
Accessory Supplied:	Stand adapter, wind shield

The **XC20** is condenser shotgun microphone that features a highly directional and distant pickup characteristics, suitable for television production and theatre sound reinforcement, spot news coverage, or wildlife recording. The **XC20** discriminates at a distance in favour of desired dialogue or effects and against ambient background noise. Its frequency response is extremely linear and natural.

L' **XC20** è un microfono a condensatore, mezzo fucile che possiede alta direttività e capacità di ripresa ad elevate distanze, utile per produzioni televisive ed amplificazione in teatro, telegiornali e riprese ambientali in natura. L'XC20 riesce a discriminare il la sorgente da catturare dal rumore di fondo ambientale. La sua risposta in frequenza è estremamente lineare e naturale.
